Foundations - Jesus is in the Transformation Business!

Launch

What do you think of when you hear the word “transformation”?

Explore

Knowing that Jesus pursues us, how does that help you understand Paul’s conversion story? How does Paul’s conversion shape how you understand grace?

What do you see as Ananias’ role in Paul’s life? What do all of Ananias’ responses to God reveal about our own role in others’ lives? What would you have been thinking if you were Ananias?

Read I Timothy 1:15. Saul is such a great example that NO ONE is too far gone for Jesus to save. Are there any other examples in Scripture of people who seemed too far gone, or too evil, or too ungodly who exemplified Christ’s ability to save and extend mercy?

How have you seen or experienced the power of testimony? Whether that be your own or someone else’s?

Apply

Reflect on your own testimony. Practice sharing your testimony using the 1-1-3 zone example shared in the sermon. [Before Christ (1 min); How met Christ (1 min); Difference (3 min)]

Pray

Pray that God would both in big and small ways transform your own lives, and the lives of those in your relational world. Pray that you would be able to pay attention to how God is inviting you to be someone’s Ananias and that you could see who is an Ananias in your own life.
